## PEDIGREE

• HIS SIRE Quidam de Revel is one of the best jumping horses of his generation. He has won countless times in international competition. As a member of the French Olympic Team, he placed fourth individually at the Barcelona Olympic Games. As a sire, he passes on his amazing ability. At the 2002 WEG in Jerez, he was the sire of more show jumping participants than any other stallion. Quidam de Revel is by Jalisco B, by Alme. Jalisco competed successfully, representing Portugal at the Seoul Olympics, before retiring to stud. Jalisco sired 1990 World Champion, Quito de Baussy as well as Quidam and others. Jalisco's sire, Almé influenced show jumping bloodlines all over Europe. Quidam's dam Dirka won at international level with Nelson Pessoa before producing several international competitors and approved stallions.
