## PEDIGREE

Chesapeake, a 2001 son of Carvalho, has matured into an impressive young stallion.

- **HIS SIRE** Carvalho competed successfully in Europe before coming to the US in 2004. Chesapeake's grand-sire, Carthago, represented the Dutch team with Jos Lansink aboard and finished 11th at the Atlanta Games. Carthago scored a 9.5 for free jumping and a 10 for jumping talent at his performance test.

Carthago is a son of Capitol I, prized for his exceptional jumping ability, enormous talent and his willingness to perform. He passes these traits to his offspring. Capitol's offspring have earned over 3 million US dollars at competitions in Europe, America and Australia.

- **HIS DAM** Flowerstar is related to Lavall II who is a son of Landgraf I and Caletto II. Landgraf I has proven his ability to pass on his show jumping genes to his offspring. Landgraf I has produced more than 130 stallions and is the only sire to have four sons competing in the World
