

GRAND STAR

PEDIGREE

Both sides of Grand Star's pedigree show the combination of a Thoroughbred stallion and a mare from the Sinaeda line.

- HIS SIRE Nabuur is by the Thoroughbred stallion Uppercut. Uppercut, sired international jumpers, approved stallions, as well as daughters which produced show jumpers and approved stallions. Nabuur's dam is by the Sineada son Senner. Sinaeda produced 17 stallions but Senner and his full brother Sportman (out of Ritta by Tello) were considered the most influential. They, along with their sire, passed on enormous jumping ability, soundness and movement.

- HIS DAM Varusa was sired by the French Thoroughbred Le Val Blanc and was again out of a Sinaeda daughter. Le Val Blanc contributed balanced and elastic movement as well as beautiful type and conformation.

PERFORMANCE

From 1991 to 1997 Grand Star was consistently in the top 400 in the WBFSh Jumper Rankings. 1997: Shown by Junior
