PROGENY

Grandom's BWP offspring have been sold internationally and several of his first Hanoverian foals were selected for the Verden Elite auction in Germany. His BWP offspring report shows Grandom to be very pre-potent For his type, movement and fantastic temperament. Grandom has very successful progeny with TB mares as well as warmblood mares and the ridability is superb. In 2004 his son "Granny Smith" qualified for the Bundeschampionat and in the opening round, with an 8.4 score, placed 6th out of 155 qualifiers.
