

VISION

PEDIGREE

• **HIS SIRE** Clinton is an essential member of the Belgian show jumping team, finishing 4th individually at the Athens Olympics with Dirk Demeersman and 2nd in the prestigious Grand Prix of Aachen in 2005. Clinton offspring achieved impressive rankings at foal shows in Belgium and placed 1st, 2nd and 3rd at a free jumping competition in Lier. Clinton's sire, Corrado I, is by the famous foundation sire Cor de la Bryere. Corrado has an extensive list of achievements in both breeding and competition, including 14 approved stallions and wins in many Grand Prix, Nation's Cups and World Cup competitions. His winnings of over 500,000 DM make him the most successful Cor de la Bryere offspring. Clinton's dam, Urte, performed at the national level and her dam Ohra, under the show name Olympia, competed successfully at the international level.

• **HIS DAM**, the Westphalian mare Lashio, comes from a long line of impressive talent. Alme Z, an international show jumper, was a foundation stallion influencing almost all of the German breeds.

Breeding licenses: BWP, RPSI, IJF

PERFORMANCE

Vision began his show career in Ireland where he qualified for the Dublin Horse show as a 4 year old. In 2004, his first complete year of showing in the US, he competed at Levels 3 and 4 in A rated shows, ending the season with three 1sts and two 3rds. After a year off due to rider injury he returned to the show ring in 2006, competing in the Young Jumpers at WEF with consistent rounds over the challenging courses. Throughout the summer, he continued in the Young Jumpers and placed consistently at HITS in Saugerties, NY. Competing at Level 6 at the Vermont Summer Festival, Vision received 2nd place.

PROGENY

Vision's offspring ranked as premium foals in both the BWP and RPSI testing, replicating his extraordinary conformation and disposition. The oldest foals, born in 2004, will soon be started and we are anticipating that Vision's strong jumping prowess and disposition will carry through into their careers.
